To Whom It May Concern,

This is to certify that Akshay Kumar, USN: 1RN21CS017, a student from R.N.S Institute of Technology, Bangalore, has been offered an internship in our organisation from 29/03/2024 to 29/05/2024 in the Department of Electrical Communication Engineering at the Indian Institute of Science (IISc), Bangalore. During this period, he worked under my guidance on the Child Labor Automated Surveillance System (C.L.A.S.S). His contributions were significant, and we have jointly submitted a paper based on this project to INDICON (IEEE conf. no. #63790) at IIT Kharagpur.

I wish him all the best in his future endeavours.

Thanking you
